Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.)
